Third Edition

FRYER'S NEW IRIS

2000 New Seedlings in this bed and all different

Willis E. Fryer

Hardy Plant and Gladiolus Specialist

MANTORVILLE,

MINNESOTA

INTRODUCTORY

JHAVE TESTED over 600 varieties of Iris, and shall continue to test the promising varieties as offered so that I will be better qualified to judge the merits of my seedlings.

My glory strain mostly contain some shade of red as brown, carmine, purple and maroon-red. The plants are all very robust growers, and free flowering, and the flower stalks are larger than most other varieties. They will average from 20 to 30 inches in height, and all have large flowers.

Three-quarter acres of named seedlings
in the distance

The falls generally stand out horizontally.

I am raising thousands of seedlings each year, and I believe I have the largest amount of seedlings of any grower in the United States.

WILLIS E. FRYER
Mantorville Minnesota, U. S. A.

Fryer's New Iris

The height of the flower stalks is given in inches.

A. E. KUNDERD. S. yellow-bronze, tinged with magenta; F. magenta-red, tinged with bronze, reticulated yellow from center to base. Conspicuous orange beard. Fragrant. Glory strain. Coloration at base of leaves. 75 cents each, \$7.50 per dozen.

A. M. BRAND. S. true golden-bronze; F. maroon-red, veined yellow and edged with bronze. Fragrant. Glory strain. \$2.50 each.

A. W. BLAKELY. S. yellow, tinged with pink; F. yellow, shaded with pink, veined a light yellow. 26 inches. 30 cents each, \$3.00 per dozen.

AUNT RACHEL. S. white, tinged with violet; F. pansy violet, edged with white, reticulated white from center to base. Yellow beard. Very fragrant. 24 in. —50 cents each, \$5.00 per dozen.

A. W. LATHAM. S. claret-bronze; F. velvety purple, bronze edge, reticulated white from center to base. Orange beard. Honey scented. Glory strain. \$1.50 each, \$15.00 per dozen.

BARTON HARRINGTON. S. bright golden yellow; F. brown, tinged with red, reticulated white and yellow from center to base; border bright golden yellow. Orange beard. Fragrant. Glory strain. \$3.00 each.

BESSIE. S. light blue, shaded purple; brown reticulations at base of falls. Light orange beard. Fragrant. 36 inches. 50 cents each, \$5.00 per dozen.

BETTIE PHILLIPPS. S. gold, tinged reddish purple; F. velvety red, shaded maroon, edged with gold, reticulated brown and gold from center to base. Orange beard. Fragrant. Glory strain; \$4.00 each.

C. A. PFEIFFER. S. large blue; F. pansy violet, light edge, reticulated white at base. Light orange beard. Very fragrant. Showy. Free bloomer, 28 inches. 75 cents each, \$7.50 per dozen.

CAMELIA. S. lemon yellow, tinged darker yellow; F. light carmine-red, nearly the whole fall reticulated white; distinct yellow border. Yellow beard. Very fragrant. 75 cents each, \$7.50 per dozen.

CLARENCE WEDGE. S. heliotrope tinged with yellow; F. purple red. It has a margin which is light bronze on one side and wider and very light yellow on the other; veined white at base. Conspicuous orange beard. Glory strain. 75 cents each, \$7.50 per dozen.

C. P. CONNELL. S. bright blue; F. blue, with purple tinge. light yellow beard. 36 inches. \$1.00 each, \$10.00 per dozen.

CORA VERNON. S. purple, blotched darker purple and tinged with bronze; F. violet veined with purple, veined yellow at base. Lemon beard. Fragrant, 28 inches. The standards are very odd. **\$1.50 each.**

DR. ANDRIST. S. bronze-yellow; F. velvety plush of maroon-red, reticulated at base with bronze-yellow bronze edging. Orange beard. Delightfully fragrant, Rich superb appearance. Glory strain. The last to bloom. **\$3.50 each.**

DR. LOGAN. S. lavender, with pink tinge; F. a darker shade of the same, veined purple, veined yellow at base. Light yellow beard. Fragrant. It appears more pink in bright sunlight. 26 inches. **75 cents each, \$7.50 per dozen.**

DR. LYONS. S. bronze-yellow; F. brick-red, tinged violet in the center, edged light yellow, reticulated light yellow from center to base. Orange beard. Fragrant. Glory strain. **\$1.00 each, \$10.00 per dozen.**

DR. MANTOR. S. light coppery crimson; F. maroon, bordered bronze-yellow, nearly the entire fall reticulated, lower part white and yellow at base. Orange beard. Fragrant. Glory strain. **75 cents each, \$7.50 per dozen.**

DR. SANDFORD. S. very light violet; F. purple-violet, with lighter border, reticulated light yellow. Yellow beard. Delicate fragrance. Very free bloomer. 30 inches. **30 cents each, \$3.00 per dozen.**

DR. VINSON. S. purple violet; F. purple velvet, with lighter edge, reticulated white at base. Yellow beard. Fragrant. 28 inches. **\$1.25 each, \$12.00 per dozen.**

E. C. SHAW. S. Light claret; F. claret, veined and shaded black, reticulated brown and white at base. Orange beard. Fragrant. Distinct. 22 inches. **\$8.00 each.**

ETHEL LEACH. S. white tinged with heliotrope; F. white, veined darker heliotrope. Yellow beard. Fragrant. 32 inches. **40 cents each, \$4.00 per doz.**

F. M. NEEDHAM. S. light violet; F. velvety purple edged lighter, reticulated white at base. Yellow beard. Fragrant. 26 inches. **\$1.50 each.**

FRECKLES. S. bronze-pink, reticulated purple; F. maroon, shaded violet; the whole fall reticulated white and yellow. Yellow beard. 22 inches. **50 cents each, \$5.00 per dozen.**

FRYER'S GLORY. S. golden bronze, tinged with crimson; F. bright velvety maroon, veined light yellow from center to base. Orange beard. **\$3. 00 each.**

GOLDEN PLUME. S. rich golden yellow; F. chestnut brown, edged and reticulated yellow. Yellow beard. All I claim for this is that it is an improvement over the old Honorabilis. The plant is equally as thrifty, the flower stalks are a few inches higher, and it is more even height when in bloom. **20 cents each, \$2.00 per doz. \$12.50 per 100.**

GOVERNOR HUGHES. S. violet tinged with red; F. darker shade of the same color, veined with brown. Very large orange beard which extends well out on the falls. This is the largest beard that I have ever seen on an Iris, and it can easily be distinguished a number of rods away. Delightfully fragrant. 28 inches. I was in hopes to call this President Hughes, but you all know what happened. **\$3.00 each.**

GENOA. S. purple-bronze; F. dark purple in the center, shading to violet towards the edges, reticulated yellow at base. 28 inches. **\$3.00 each.**

G. W. PEAKE. S. yellow, shaded crimson-bronze, light yellow at base; F. velvety maroon-red, edge with bronze yellow, reticulated at base. Conspicuous orange beard. Fragrant. Glory strain. **\$1.00 each.**

HARRIET. S. white, blue line running through each, also veined and spotted blue; F. white with veined border of blue. 22 inches. Early. **40 cents each, \$4.00 per dozen**

J. C. DRAKE. S. bright blue shaded darker; F. bright velvety purple, lighter edge, reticulated white at base. Yellow beard. Fragrant. Showy. 28 inches. **\$1.50 each.**

JESSIE MAC INNES. S. large lemon yellow; F. carmine-red, wide lemon border, reticulated white from center to base. Orange beard. Fragrant. Glory strain. **75 cents each, \$7.50 per dozen.**

The iris Kathryn Fryer in the center.

KATHRYN FRYER. S. large yellow; F. velvety maroon-red veined white at center, reticulated yellow at base. Orange beard. Fragrant. 30 inches. **\$3.00 each.**

LEYLAND HUCKFIELD. S. lavender white, tinted with yellow; F. blue, tinged with lavender, yellow margin, veined brown at base. Rich orange beard. Fragrant. 30 inches. **\$2.00 each.**

LOWELL. S. light purple, shaded darker; F. a darker shade of the same, reticulated white at the base. Fragrant. Large. 25 inches. **75 cents each, \$7.50 per dozen.**

MADISON COOPER. S. lemon yellow shaded bronze, F. maroon-red, edged bronze-yellow. Orange beard. Fragrant. Glory strain. **\$3.50 each.**

M. G. PETERS. S. yellow tinged with heliotrope, edged pure yellow; F. violet shaded with brown; margined light yellow, and edged brown; mottled and veined light yellow and reticulated light yellow at base. Orange beard. Fragrant. Very large. 32 inches. **\$2.50 each.**

MINNESOTA. S. bright golden yellow; F. maroon-red tinged with bronze, reticulated white and yellow and edged yellow. Orange beard. Fragrant. Glory strain. **\$2.00 each.**

MARGARET SHERIDAN. S. golden, tinged with crimson; F. maroon-red, edged with bronze, and reticulated from center to base. Orange beard. Fragrant. Glory strain. **\$2.00 each.**

MARGERY McCORD. S. Claret; F. claret, tinged with brown, reticulated brown and white at base. Orange beard, tipped dark claret. Fragrant. 30 inches. **\$3.50 each.**

MORT W. SANFORD. S. very light coppery crimson; F. maroon, bordered and shaded bronze, reticulated white and yellow from center to base. Yellow beard. Fragrant. Glory strain. **\$1.00 each, \$10.00 per dozen.**

MRS. A. M. BRAND. S. large erect white; F. white, slightly veined violet. Conspicuous orange beard, Fragrant, 30 inches. **75 cents each, \$7.50 per doz.**

MRS. BLAKELY. S. light cream, shaded lighter at the base; F. cream, tinged and veined violet. Orange beard. Fragrant. 28 inches. **60 cents each, \$6.00 per dozen.**

MRS. BOSSART. S. light yellow; F. pansy purple, bordered yellow and edged brown; reticulated yellow. Orange beard. Fragrant. 30 inches **\$1.50 each.**

MRS. HAYES. S. rich yellow; F. velvety maroon-red, shaded violet in the center, and edged gold, reticulated golden yellow at base. Fragrant. 24 inches. **\$2.00 each.**

MRS. WEDGE. S. large light yellow; F. rose-pink bordered and reticulated light yellow. Dark yellow beard. 30 inches. **75 cents each, \$7.50 per dozen.**

MRS. CURTIS. S. yellow shaded pink; F. rose-pink, reticulated light yellow. Yellow beard. Large flowers showing up its delicate tints better indoors. Glory strain. **50 cents each, \$5.00 per dozen.**

MRS. ANDRIST. S. pure white; F. rich violet purple, reticulated white from center to base; distinct white border. Yellow beard. Very fragrant. Free bloomer, 22 inches. **40 cents each, \$4.00 per dozen**

Mr. R. R. Smith of Larned, Kansas wrote me that this variety pleased him more than any among fifty standard varieties.

MRS. SANDFORD. S. light bronze-yellow; F. magenta-red, the entire fall reticulated white and yellow. Orange beard. Fragrant. Glory strain. **\$1.00 each \$10.00 per dozen.**

MRS. SMITH. S. rich golden yellow; F. same color, shaded light yellow in the center, and veined darker yellow. Yellow beard. 24 inches. This is a dependable plant, and I cannot say that of all the pure yellows. **50 cents each, \$5.00 per dozen.**

MRS. CHRISTMAN. S. pink bronze, veined with violet; F. bronze-pink, shaded violet, reticulated light yellow at base. Lemon beard. Fragrant. 26 inches. **\$2.50 each.**

MRS. KIMBALL. S. heliotrope, tinged with bronze; F. reddish purple, lighter border, reticulated white. Orange beard. Very fragrant. 18 inches. **40 cents each, \$4.00 per dozen.**

MRS. HAW. S. light lavender pink; F. dark lavender pink in the center fading to light lavender pink toward the edges; reticulated light yellow and chocolate at base. Yellow beard. Large flower and plant. 30 inches. **\$4.00 each.**

MRS. McCORD. S. yellow green; F. dark velvety maroon, shading to black, reticulated white and yellow at base. Fragrant. 26 inches. **\$2.50 each.**

MRS. W. E. FRYER. S. white shaded eliotrope; F. purple-crimson, bordered a lighter shade; white veins from center to base. Orange beard. 32 inches. **\$1.50 each, \$15. 00 per dozen.**

Mr. Clarence Wedge of Albert Lea, Minn. wrote as follows:

If Mr. Fryer had accomplished nothing more in all his experiments with the Iris in the past twenty years than the production of this one variety it would have been well worth his time.

MRS. J. S. BRAND. S. Pink-bronze, edged light yellow; F. mahogany-red, veined and reticulated white; bronze edge. Fragrant. Glory strain. **\$2.50 each.**

NELLIE QUINN. S. pure white; F. violet, spotted and veined white; small white border. Yellow beard. **40 cents each, \$4.00 per doz.**

RED GLORY. S. bronze-yellow, tinged with crimson; F. velvety maroon-red, edged and shaded bronze; reticulated yellow at base. Orange beard. Fragrant. **\$3.00 each.**

REV. WURTELLE. S. purple bronze; F. rich velvety royal purple, lighter at the edge, reticulated light yellow at base and veined brown. Yellow beard. Fragrant. 18 inches. **\$1.50 each, \$15.00 per dozen.**

R. C. ROSE. S. purple-bronze; F. reddish purple, light yellow border, reticulated light yellow. Orange beard. Fragrant. Very free bloomer. 28 inches. **40 cents each, \$4.00 per dozen.**

REV. SMITH. S. bronze-crimson; F. maroon-red, edged with bronze, veined light yellow at base. Yellow beard. Glory strain. This variety show the most coloration at base of leaves of any variety that I have ever seen. **\$1.00 each.**

RUTH RAND. S. violet-blue; F. deeper shade of the same. Conspicuous yellow beard. Medium sized flower with broad round falls. 28 inches. **50 cents ea.**

R. R. SMITH. S. lavender-violet when first open, fading to light mauve. Reticulated yellow at base of falls. Large flower: extra strong plant. Very fragrant. 30 inches. **\$3.00 each.**

W. F. CHRISTMAN. F. white, tinged violet; F. purple reticulated white with lighter border. Yellow beard. Fragrant. Free bloomer. 22 inches. **75 cent cents each, \$7.50 per dozen.**

W. J. FRYER. S. Large yellow; F. maroon, with yellow border, reticulates yellow at base; center overshadowed violet. 30 inches. **\$5.00 Each.**

RHODODENDRON

With special protection during the winter it has bloomed freely for eight seasons.

DWARF BEARDED

BETSY PRESBY. Bright yellow; the falls shaded and veined darker yellow. **40 cents each, \$4.00 per doz.**

MRS. HAGLER. White, shaded cream; F. deeper shade of the same, lower part veined a deeper yellow; reticulated brown at base. 9 inches. **25 cents each, \$2.50 per dozen.**

SIBERIAN

TRUE BLUE. As the name denotes—a true blue—and the best blue Siberian Iris that I have ever seen. The plant and foliage are all that one could wish, and the flowers are born on stiff stems 30 inches high. **50 cents each.**

WASIOJA. Similar in color to TRUE BLUE, but not quite so large, although not a small flower. **40 cents each, \$4.00 per dozen.**

MIXED SEEDLINGS

I have a good collection of the standard varieties of Beardless, Dwarf and Tall Bearded, and Siberian, and they are from **\$1.50 per dozen up.**

I have thousands of seedlings of the tall bearded in a mixture that I am offering at 6.00' per 100, and will give 50 more varieties in each order for 100. plants. I also have the dwarf bearded at the same price. These do not vary so much, but all are good. Six at dozen and 50 at 100 rates. At each and dozen rates my seedling Iris will be sent prepaid. They can be planted from the first of July until late in fall or in the spring.

A dry, sunny location suits them best. Avoid fresh manure when planting, in fact, all manure where dwarf and tall bearded Iris are planted.

PEONIES

They can be planted from early September until late fall or in the spring. In planting be sure to have the crown two inches below the surface when planted. They appreciate good care and nourishment, but resent an over-abundance of fresh manure too near the roots. I have many varieties, and some of the newer high priced ones, but I am only offering a few. If you wish other varieties, write me.

WHITE

AVALANCHE. Large, late, extra fine white. **\$1.00
\$1.50 and \$2.00.**

COURONNE D' ORR. Large blooms of ivory white with a circle of yellow stamens. Rather late. **50c, 75c, and \$1.00.**

DUKE OF WELLINGTON. Broad guard petals of pure white, center of flower sulphur-white, **50 cents and 75 cents.**

FESTIVA MAXIMA. The purest white, with an occasional flake of red in the center. Early and extremely fragrant. **50c, 75c, and \$1.00.**

GOLDEN HARVEST. Blush guards, with creamy white center, some of the petal carmine-tipped, **50 cents and 75 cents.**

LA TULIPE. Large flowers, fresh pink, shading to ivory white, center petals tipped carmine. **75c and \$1.00.**

PINK

EDULIS SUPERBA. Large and early, **50 cents and 75 cents.**

FLORAL TREAURER. Large, pale lilac-rose. **50c and 75 cents.**

TRIOMPHE DE EXPOSITION DE LILLE. Hydrangea-pink. **75 cents and \$1.00.**

RED

LA SUBLIME. Rich crimson. Late. **75c and \$1.00.**

PURPLE CROWN. Red, with a purple tinge. **75c and \$1.00.**

RACHEL. Dark purple-crimson. Extra. **75c cents and \$1.00.**

THE HARDY PHLOXES

They require a rich soil to produce the best effect, as they are gross feeders. They like plenty of moisture and in dry seasons should be supplied with plenty of water. Unlike most flowers they will thrive in partial shade.

Have the crown of the plant one inch below the surface when planted.

Some seasons every plant will live if planted in the fall, and others they winter-kill, and do not advise fall planting for northern planters.

I have the largest acreage in the west, and numerous varieties, but will give only a short list of varieties that are doing extra well with me.

AMELIA. Crimson center, fading to nearly white on the edge.

ANNA. White, with red eye, flat panicles. **30 cents each, \$3.00 per dozen.**

DR. CHAS. H. MAYO. White, with red eye. Pyramidal panicles. Tall. This is the best white Phlox with an eye that I have ever seen. **50 cents each.**

DR. CHRISTOPHER GRAHAM. A varigated or mottled pink. Vigorous grower. **40 cents each.**

EDITH MAYO. Medium sized with faint eye. The truss is different form than of any other Phlox that I have ever seen, being in the form of a half sphere. Not for sale.

J. H. KAHLER. White, blended with different shades of red, fading to nearly pure white. It has a changing appearance with the weather, and at times is one of the most beautiful phlox I have ever seen. **40 c. each**

KATHRYN FRYER. Light salmon pink with red eye. Large truss. **50 cents each.** Stock limited.

*LOTHAIR. Salmon-red, with dark carmine eye. Tall.

MRS. W. E. FRYER. A vigorous white. **30 cents each, \$3.00 per dozen.**

MRS. J. H. KAHLER. Blended pink and white with white edge. **30 cents each.**

MRS. MELLINGER. Rosy red with darker eye. This Phlox will endure more drouth than any other Phxlo in existance.

PROF. CADY. Light red with deep red eye. **30c ea.**

*PRESIDENT TAFT. Light pink, with lighter center. Extra. **30 cents each, \$3.00 per dozen.**

*R. P. STRUTHERS. Bright rosy-red, crimson eye. Extra fine.

REV. SPICER. Bright pink with darker eye. **30c each, \$3.00 per dozen.**

W. J. FRYER. Pink, shaded salmon; bright red eye. Large truss. **50c each. Stock limited.**

They are all my productions except those marked with a star *

Those not priced are **25 cents each, \$2.50 per doz.**

I furnish good plants, and all will be strong two year No. 1.

If to be sent prepaid add one cent per plant.

DELPHINUM

There is no hardy plant that will give more pleasure than the Delphinium, and none that have a longer period of bloom. They are every shade of blue imaginable, and unless it is a plant that has been divided there will be no two exactly alike.

I have been improving them by selection for a number of years, and believe I have one of the finest collections in the United States. I have many magnificent double ones too.

Fall is the best time to plant them, but they can be planted in early spring, and all will bloom the first season.

Strong plants, **25 cents each, \$2.50 per dozen.**

BELLADONNA. Light shade of blue. **25c each.**
\$2.50 per dozen.

HEMEROCALLIS

These are a desirable hardy plant that can be planted in either fall or spring.

DUMORTIERI. Orange-colored flowers, shaded brown on the outside. 1 foot. May and June.

FLAVA. Lemon Lily. Clear full yellow. $2\frac{1}{2}$ feet.
Flowers in June.

FLORHAM. Very large, soft yellow flowers. One of the best, June and July.

GOLD DUST. Large, rich yellow flowers. June, 2 ft.

THUNBERGI. Much like Flava, but flowers in July, a month later.

Strong plants, **25 cents each, \$2.50 per dozen.**

GLADIOLI

Any good garden soil, and a sunny location is a good place to plant them.

No. 1 bulbs should be planted 4 or 5 inches deep, and smaller ones 3 to 4 inches deep.

The first part of October lift the bulbs, cut off the stems and then let them dry thoroughly; remove the old bulb and roots, then place them in baskets or boxes, and place them in a dry, cool cellar where they will not freeze.

I have a large stock, and many varieties, and am testing many new varieties each season. If you wish varieties not mentioned write me.

Those contemplating planting in larger amounts or smaller sizes, write for special quotations.

All bulbs are No. 1, $1\frac{1}{2}$ inches in diameter as priced, but can furnish No 2 bulbs, 1 to $1\frac{1}{2}$ inches in diameter at 20 percent discount from the price of No. 1 bulbs.

At each and dozen prices they will be sent prepaid to the third zone, and beyond that add $\frac{1}{2}$ cent for No. 1 and one third cent for No. 2 bulbs.

AMERICA. Delicate pink, tinted lavender. **50 cents per dozen. \$3.00 per 100.**

ARIZONA. Dark pink streaked with a darker red.
15 cents each, \$1.50 per dozen.

BLOOD SPOT. Dark mahogany with bright red
splash on lower petals. **15 cents each, \$1.50 per dozen.**

BARON HULOT. Rich purple with bluish tinge.
10 cents each, \$1.00 per dozen.

BLACKHAWK. Cardinal red, nearly black blotch.
Early. **10 cents each, \$1.00 per dozen.**

DE SDEMONF. Ashy rose color striped with violet.
Large. **20 cents each.**

EVELYN KIRTLAND. Rosy pink, darker at the
edges, fading to shell-ink at the center with brilliant
acarlet blotches on lower petals. Tall spike. Extra
fine. **20 cents each, \$2.00 per dozen.**

EMPEROR OF INDIA. Rich dark red with brownish
tinge; a beautiful color. **8 cents each, 80 cents per
dozen.**

GOLDEN KING. Bright yellow with a crimson patch
on lower petals. **10 cents each, \$1.00 per dozen.**

JESSIE. Rich velvet red; long spike of well opened
flowers. Early. **60 cents per dozen, \$4.00 per
hundred.**

HALLEY. Large salmon flower of delicate tint. One
of the earliest. **60 cents per dozen.**

HOHENSTAUFEN. Large white with a blotch on
lower petals. **12 cents each, \$1.25 per dozen.**

LOVELINESS. Large, wide open flowers of palest
cream, suffused apricot in throat. Fine spike. **15c
each, \$1.50 per dozen.**

MANTORVILLE. Yellow ruffled. Not so ruffled as
some, but a large yellow tinted pink. **20 cents each,
\$2.00 per dozen.**

MRS. W. E. FRYER. A large scarlet with small
white lines in the throat. **10 cents each, \$1.00 per
dozen. \$6.00 per one hundred.**

MRS. FRANCIS KING. Light scarlet, **50 cents
per dozen, \$3.00 per hundred.**

MRS. PENDLETON. Pink, blotched with rich car-
mine. **10 cents each, \$1.00 per dozen.**

MRS. H. R. WHITNEY. Primulinus Hybrid. New.
Apricot, center lighter shade, **10 cents each, \$1.00
per dozen.**

MEPHISTOPHELES. Bright crimson splashed
with dark crimson and yellow, **15 cents each, \$1.50
per dozen.**

NIAGARA. Soft primrose yellow. In damp weather
some are tinted pink. **10 cents each, \$1.00 per doz.**

PEACE. White, with a lilac spot in the throat. **10 cents each, \$1.00 per dozen.**

PRINCEPINE. Bright red with white throat, **10 cents each, \$1.00 per dozen.**

PRIMULINUS. species from Africa. Clear primrose yellow. The form of the flower is distinctive, the upper petals drooping forward. Very early. **10 cents each, \$1.00 per dozen.** *Dg*

SCARSDALE. Lavender-pink, **10 cents each, \$1.00 per dozen.**

SCHWABEN. Sulphur yellow, maroon blotch. Extra fine. **10 cents each, \$1.00 per doz.**

WAR. Deep blood red. **10 cents each, \$1.00 per doz.**

WILLIS E. FRYER. Large violet; white lines in the throat. **\$1.00 each.**

I visited Mr. A. E. Kunderd of Goshen, Ind., the last of July, 1915, and this was my choice of all his seedlings then in bloom. I feel highly honored that such a valuable variety should be named for me.

MISCELLANEOUS

COLUMBINE. Mixed colors. Strong plants, **25 cents each.**

CHOICE MIXED. This mixture contains a great variety of colors. **\$2.00 per hundred.**
6 at dozen and 50 at hundred rates.

DOUBLE TIGER LILY. Plant either fall or spring. No. 1 bulbs, **\$1.50 per dozen**, No. 2, **\$1.25 per doz.**

ORIENTAL POPPIES. Good plants, **25 cents each, \$2.50 per dozen.** Extra strong plants, **50c each.**

These cannot be planted in the spring with success, but if planted in July, August or early September, every plant will grow, and bloom the following season.

PLATYCODON. This is a desirable hardy plant with blue and white flowers.

Plant either fall or spring, and have the crown one inch below the surface when planted. All will bloom the first season. No. 1 plants, **25 cents each, \$2.50 per dozen.** Extra strong plants, **50 cents and 75 c.**

YUCCA. These were grown from seed gathered in Montana and are as bright and green in the spring as in the fall. The Filamentosa often bleaches during the winter. **50 cents, 75 cents, and \$1.00 each.**

GENERAL REMARKS

THE CROWN of a plant is where the new buds form on the plant, and in September they are fully grown so they will start new growth the following spring on the first approach of warm weather.

It is important that Peonies, Phlox and Platycodon should be planted at the right depth, and instructions should be followed.

During the winter I have most of my new Iris, and other plants, heeled in sand in my storage cellar, and can ship to warmer sections of the U. S. as early in the spring as desired.

If an order is to go by parcel post and more is added than to cover postage, the unused balance will be returned or extra stock added as desired.

No plant will endure more than the Iris, and will relate my experiences with one shipment to New Zealand as an example. On the 20th of September, last year, I packed an order in "bone dry" excelsior, and they were returned twice from San Francisco through an error of the Postmaster there. They were then placed in an open shed during the winter, and planted April 20th. Nearly every plant grew, and some of them are in bloom now—June 15th.

I am located one and one-half miles north of Kasson, and 17 miles west of Rochester, Minn.

Auto bus from Mantorville meets all trains at Kasson, and passes by my nursery.

The iris C. A. Pfeiffer in the center. The standards of this iris are blue, but they appear white here.

*Come and see the
Flowers at Mantorville*

Colorado Blue Spruce, Weeping Form

I have acres of Gladioli, Iris, Peonies, Phlox, and other flowers and people often come hundreds of miles to see them. I am always glad to welcome visitors who are interested in such flowers as I grow, and those who contemplate planting, for they can make their selection in the field from the blooming plants with much greater satisfaction than from catalog descriptions.
